Dear Parent,

From time to time High Point Friends School uses photographs or video games of students for informational and/or promotional applications. We respect each student's right to privacy guaranteed by the "Family Rights and Privacy Act of 1964." Therefore, it is necessary for the school to obtain permission from the student's parents or legal guardians before publishing photos on informational flyers, mailers, handbooks, etc. and on our school-approved website and online media.

We appreciate your cooperation in this matter. Please return the form to your child's teacher so we may keep in on file.

Sincerely,

Darrell Cotton
Head of School
